She buys everything she sees
Fulfills her every need
Just to please her disease, she still wants more
And everything she gets is piled on the rest
So what's next? Just the best cash can afford
And she won't compromise with all those people down
below
No, I won't sympathize
She only wants what she can't own

Rich girl, rich girl
Nothing's good enough for you
Rich girl, rich girl
You know who I'm talking to
All the friends you buy, you still feel alone
Rich girl, rich girl

No, she's never second class
Won't socialize with trash
Flaunts her ass since she started working out
She's better and she knows, her parents told her so
She can act, it's a fact
Her ego grows
And all the friends she buys are just more toys she
doesn't need
She'll have it all in time
But she never will have me

Rich girl, rich girl
Nothing's good enough for you
Rich girl, rich girl
You'll be empty when you're through
All the friends you buy, you still feel alone
Rich girl, rich girl
Rich girl, rich girl
Nothing's good enough for you
Rich girl, rich girl
You'll be empty when you're through
All the friends you buy, you still feel alone
Rich girl, rich girl

Rich girl, rich girl
Nothing's good enough for you
Nothing's good enough for you
Nothing's good enough for you
