Oh, oh, I really got something for you
Oh, oh, I really got something for you

Two's on it's way
Is there something I can say
So that I can leave with you
It's awfully clear
You're the hottest girl in here
Yeah, I wanna leave with you
Won't you tell me that you do

Oh, oh, I really got something for you
Oh, oh, I really got something for you

Drink 'til I'm done
So I'll think I'm having fun
I'll forget that I'm alone
Please hear my plan
You'd make me a happy man
We could leave this place for good
Oh, I really think we could

Oh, oh, I really got something for you
Oh, oh, I really got something for you

Every start, it falls apart
I guess it's just my fate
When I saw you
I felt renewed
I hope it's not too late
Please don't be scared
I've had more pain than my share
Yeah, I've made a few mistakes
Let's break away
We can leave the behind the pain
See, I realized today
That I'm not alive this way

Oh, oh, I really got something for you
Oh, oh, I really got something for you
