Time lets go
Of everyone some day
I owe
My song for just one day
I must have felt too close
To beauty I can't know
It burned me deep inside, inside

I'm letting go of you
So long, good-bye
I'm letting go of you
So long, good-bye

Just breathe
One drop
Of poison back to me
I can't stop
Your venom stings too sweet
But all along I know
This flower can not grow
This pain is all I know, I know

I'm letting go of you
So long, good-bye
I'm letting go of you
So long, good-bye

And life
So long
When you can't even sleep
So strong
My hunger runs so deep
I wish I'd never known
A dream I'll never own
The emptiness you've grown, you've grown

I'm letting go of you
So long, good-bye
I'm letting go of you
So long, good-bye
