I'm a teen assassin
I don't care what people say
Should I buy everyone?
I'll make sure you feel my pain in your veins
Teen assassin with a loaded gun
In the heart of everyone
Rejected son, with an evil plan
Striking fear in you again

And it's something I can't explain
And you'll never know who's to blame
For the anger I feel now
You'll see

I'm a teen assassin
Burning all the things you've grown
The tortured one
They took everything I own
I'm a lone soldier in black
With a broken heart
Watch your world get torn apart
No turning back
I'm about to burst
From the pain that you go

And it's something I can't explain
And you'll never know who's to blame
For the anger that I feel now
But I'm sure to find out some how
And I never know who's to blame
For the anger that I feel now
You'll see

No I won't compromise through my life
I will never change
It seemed the other day
As the world turned, it turned to gray
But can a simple man, through his life, learn through
his mistakes?
And every day you say, everything will be

I'm a teen assassin
I don't care what people say
Should I buy everyone?
I'll make sure you feel my pain in your veins
Teen assassin with a loaded gun
In the heart of everyone
Rejected son, with an evil plan
Striking fear in you again

And it's something I can't explain
And you'll never know who's to blame
For the anger I feel now
You'll see
