We rise again!
From the ground that once held us in.
We're moving on, (We're moving on!)

This is a story of a man
who was too weak to stand,
(but too strong to ask for help from me.)

We fly away just like the eagles.
(we're flying high!)
So far away from all these world conspiracies,
and no one here could ever stop us.
(stop us now!)
No one here could ever take us down.

You say follow your dreams but I only have nightmares,
so that would not end just right.
You say take a bite, of this apple so green.
Your life will turn to a dream,
You will forever be free!

This time,
they'll fool your mind.
And baby this bite will turn your wildest dreams into
nightmares!

They will take us down but we will rise, we will rise. (x4)

Wrong!

This city is filled with debts,
it never sleeps and has no regrets.
So drink away all your pain and sorrow
and f*cking dance like there's no tomorrow!

Just f*cking dance like there is no tomorrow!
F*cking dance like there is no tomorrow!

(x2)

Dance like there is no tomorrow! (x2)
