Pale light

Burns my starring eyes

I'm inside

A new reality  
The world is like a spinning wheel  
Of high technology

I have lost my sense to feel  
What is haunting... me?  
Slaving  
Under knowledge of

Destruction  
Change me  
Defeated by machine  
Is there a living God

To save me  
From synthetic dreams?  
Hysterical years of madness  
Artificial tears of sadness  
The world is like a spinning wheel...  
The system tells me what to think  
Solution is mind control

Undress my values through the "link"

A life beyond recall  
The world is like a spinning wheel  
Of high technology

Lost in a vision so unreal

Some one, hear me!
