Spook- on my street- selling crack- gonna kill you,
Courts let you go because you're black-
Fuckin' Sambo- Die

You prehistoric apes, you ugly nappy bums,
You moved into our neighbourhoods and turned them
into slums,
We used to have an empire 'till you moved into town,
We're gonna get the righteous whites and burn it to the
ground,

You prehistoric apes, you ugly nappy bums,
You moved into our neighbourhoods and turned them
into slums,
The planet of the apes, its such a fucking shame,
The nigger-loving liberals, they're the ones to blame
