Slave runaway, die jigaboo(x2)
Die

Pull over, nigger!
(Throughout:) Beat Rodney down! Down to the ground!

Another fucking nigger that got what he deserved!
At least the cops got away without time served,
He tried to get away so they threw him to the ground,
They pulled out their clubs and beat rodney down

They should've run him over,
They should've used mace,
They should've got a gun and shot him in the face,
They beat him with their clubs, on the fucking ground,
I wish i was their to beat rodney down

The liberals rallied, the body count tallied,
Because those mindless apes rioted in Cali,
The niggers went wild in several other towns,
Lets kick their black asses like we beat rodney down
