Dressed in black - dressed in black  
Stressed in black - marches out to war  
Screams attack - screams attack  
Streams of black - for the overlord  
Time to fight - time to fight  
Fight or flight - swift blow to the head  
Blackened night - mercy for the dead

The blood sky's calling you  
You don't know what to do  
The skies are bleeding yeah

Scream and shout - scream and shout  
Shout it out - looking for release  
Sharpened knife - sharpened knife  
Sharpened life - hiding from the beast  
Take a bite - take a bite  
Bite is right - taste the winds of change  
Watch them fight - watch them fight  
Fuck and fight - bleeding for their rage

The blood sky's calling you  
You don't know what to do  
The skies are bleeding yeah

Blood sky bleeding

Watch your back - watch your back  
Watch them back - this is where you die  
Hold on tight - hold on tight  
Hold it right - temper hides the cries  
Bleeding axe - bleeding axe  
Then attacks - blood raining down  
Sink or swim - sink or swim  
Seek to win - hand your king his crown

The blood sky's calling you  
You don't know what to do  
The skies are bleeding yeah
