Old man death sits all alone  
In quiet contemplation  
Picking at his blackened nails  
Waiting for his next victim  
Watching as your life force drains  
Your end is nigh  
Happily he comes to take your soul  
Before you die

Old man death - Death & dying

Old man death expressionless  
Staring into nowhere  
Duty bound collecting souls  
Pleas for mercy wasted  
He's the one stands at the gates  
Past death's immigration  
Take a ride to the other side  
Don't ask dumb questions  
Old man death angel accursed  
King of afterlife  
Ancient as the sands of time  
His tempus fugit cries  
With a choice of short & swift  
Or everlasting pain  
Old man death decides your fate  
Death is all the same
