Harmony dies

Demons calling to hell  
Wise ways you cannot sell  
Praying fools light their ways  
Night descends shrouds the day

Unveil the hysterskies  
Immortal children cry  
Question of when and why  
Harmony dies

Harmony dies

Sacrifice the solstice  
Casting out the priestess  
Anger lingers in death  
Waiting the for the last breath

Hell has no disguise  
Just look through Satan's eyes  
When dogs of war can fly  
Harmony dies

Harmony dies

Death is fighting with death  
Time shall feed on what's left  
Prophets on the altar  
Voicing his words of war

Walk through their sacred fires  
The halls of souls admire  
But as the end grows nigh  
Harmony dies

Harmony dies

Harmony dies
