Hellchild  
Demon of delights you won't fight  
Hellchild  
Tonights the night tonight  
I walk the streets of darkness  
Indulgence in the air  
To late to save the few  
Who knew of what and were  
But as I near the answer  
Grows into a lore  
Satan's commandments  
>From the pits of hellfire roar  
Hellchild  
The midnight oil is gathered  
Scents of lust ignite the air  
Bodies naked golden writhe  
Their beauty without care  
Babylon their peasants dream  
My talisman drink the blood elixir  
In pyramid demand  
We have told you once before  
Now you listen and take heed  
You are a servant  
To the dark immortal breed  
Hellchild  
I walk the streets of darkness  
Compulsion sings despair  
The beast dictates the words  
For every soul to wear  
Black mist Mendes whispers  
Locked behind the door  
Take the keys to egypt  
And sing your evil score  
Hellchild
