In the name of Satan
We'll achieve our goal
With the blessings of Hades
We'll outlive our role

We will gather our strength
With the blood of mere mortals
Our thirst will be quenched

In the name of Satan
Great things can be done
Through the lore of the demons

Hell bore Satan's child
To use you as our bait

Hear infernal legions plead
As Satan sings his songs of war
As I see mortal corpses rise
Up from the depths
I care not for the whore
I shall destroy the priests
Bound in chains and demned in Hell
I shall n'er release their souls
For the internal torment always reigns
Summon legions of the night
For we are now as one....
