

Venom **"Mortals"**

Visit "[Mortals](#)" on MotoLyrics.com

Hear me, mortals, hear me, mortals
Or I'll condemn you to that shit and puke
You were destined to lounge in
You'll work the blood fields, sail the semen seas
Feelings of pain and fear

Mortal man, animal
Prepare to feel not

See me mortals, see me mortals
In nightmares, eat your mind
Amongst endless screaming drones
Regurgitating bones to plant
And water with your tears

Mortal man, criminal
Prepare to see not

Hear me, see me, fear me

Fear me mortals, fear me mortals
Or your mind and guts will explode
In your very own sickly self
You'll haunt the realms of purgatory
Dying off pain and fear

Mortal man, carnival
Prepare to be not
