There was a time when hunger was mine, you'd walk  
the line.  
You sowed the seed, your making us need, your  
watching us bleed, you bastard!  
We always felt you were a better friend, with your riches  
and your smiles,  
You helped me keep the wolves from the door,  
You filled our heads so full of, Lies!  
We always felt you were a better friend, with your riches  
and your smiles,  
You helped to keep the wolves from the door,  
You filled our heads so full of, Lies!

Parasite!  
Parasite!

Life was a ball and you took it all,  
We took a fall,  
You were the doubt  
You won't bail us out, there's no use to shout, Your  
dying!  
We always felt you were a better friend, with your riches  
and your smiles,  
You helped to keep the wolves from the door,  
You filled our heads so full of, Lies!  
We always felt you were a better friend, with your riches  
and your smiles,  
You helped to keep the wolves from the door,  
You filled our heads so full of, Lies!  
Parasite!

A toffee for the kiddies, sugar and spice,  
Just wait a minute fella, your anything but nice!  
We always felt you were a better friend, with your riches  
and your smiles,  
You helped to keep the wolves from the door,  
You filled our heads so full of, Lies,  
[Repeat]

Parasite!  
Parasite!  
Parasite!

Parasite!
