The ropes are burning
Deep into my flesh
Your nails rip the blood
From my veins
Resistance is destroyed
By the pain
I cannot take much more
Your driving me insane
Disguising Hell as pain
Mistress of the whip
Feeling my willpower slip
Tightening your grip
S. A. D. I. S. T.
Mistress of the whip
Beaten into submission
Body wracked in pain
I'm losing track
Tormented by your life
Mercy cries in vein
I'm gonna even the score
Breaking through the side
Your venom burns my eyes
Mistress of the whip
Feeling my willpower slip
Tightening your grip

Lady of leather
Princess of pleasure
SADIST
Mistress of the whip
Masochistic needs, bind me tight
Terminate my body
Make my heart bleed
Discipline my mind
You've got me on all fours
Drugged and under heel
But my soul you'll never steal
Mistress of the whip
Feeling my willpower slip
Tightening your grip
