Teacher's Pet

Teacher caught me masturbating
underneath the desk
she looked at me and winked her eye
said "see you after class"
I heard the school bell ring that told
me that the day was done
she called me back and locked
the door my lessons just begun
Teachers pet
Teachers wet
Sitting down she crossed her
legs her skirt crept up her thigh
feeling something start to rise
my thought began to fly
You've been a naughty boy she said
now that you can't conceal
I'll have to punish you
the best way that I feel
Teachers pet
Teachers wet
She took my hand and gently placed it
in between her thighs
with open legs and heavy breath
she slowly closed her eyes
Her flesh was aching and her
hands began to stray
on thing that I know for sure
I won't forget today
Teachers pet
Teachers wet
Pulled me down forwards her mound
teacher tasted sweet
sixty-nine - I don't mean lines
this was teachers treat
Played hide and seek with teachers mouth
her lips were warm and wet
Now today I've had my way
and teacher won't forget
Teachers pet

Teachers wet

Poison

Your love is infectious,
Your rotten to the core,
Every body knows what you got,
But they still come back for more,
Your everybodys favourite,
You give them all a good time,
Your loves a total disaster,
But when they sign the dotted line they're,

Poisoned

One night with you and you've got me,
Poisoned,
Making love with the devils daughter,
Poisoned,
One night with you and you've got me,
Poisoned,
That dirty little bitch has got me,
Poisoned.

Sitting close beside me,
Hand upon my zip,
Don't bother to take it down, honey,
It's about to rip,
She's mammy's little virgin,
Her daddy's all in pride,
But she welcomed me with opened legs,
Kept me satisfied.

Tell me that you love me,
Say you'll never leave,
The more I give the more you take,
The more that you receive,
I got you down beneath me,
Open wide (ha ha),
I'm gonna make you pay for all,
The times you've cheated and lied.
