I see my reflection..  
I see my reflection..  
I see my reflection, I don't like what I see  
I see my reflection...  
I see my reflection, I don't like what I see  
I see my reflection...  
I see my reflection, I don't like what I see  
I'm losing my way  
I need someone to find me  
and do me right and keep me safe from harm  
I need protection  
to find me a way out  
Somebody to hold me  
so I see the day out  
To the night and keep me safe from harm  
I see my reflection, I don't like what I see  
I'm losing my way  
I need someone to find me  
And do me right and keep me safe from harm  
I need protection  
to find me a way out  
Somebody to hold me  
so I see the day out  
To the night and keep me safe from harm  
I'm losing my way.. I'm losing my way..  
I'm losing my way, I need someone to find me  
I'm losing my way way.. I need someone to find me  
I'm losing my way...  
I'm losing my way...  
I'm losing my way, I need someone to find me  
I'm losing my way...  
I'm losing my way, I need someone to find me,  
and do me right and keep me safe from harm  
I see my reflection  
I don't like what I see  
I'm losing my way  
I need someone to find me  
and do me right and keep me safe from harm  
I need protection  
to find me a way out  
Somebody to hold me

so I see the day out  
To the night and keep me safe from harm

Long train running

Can't stop, can't stop...  
Huummmmm...gotta keep it baby  
and move that, move that... move that  
Down around the corner  
a half a mile from here  
You see them old trains runnin  
and you watch them disappear  
Without love, where would you be now  
Without loooove  
oh, where would you be now now now now now  
Hummmmm...gotta keep it baby  
Move that (can't stop) Move that (can't stop)  
TuTuTutu  
well the Illinois central  
and the Southern central freight  
Gotta keep on pushin mama  
cause you know they're runnin late  
Without love, where would you be now  
Without loooove  
oh, where would you be now now now now now  
Huummmmm...gotta keep it baby  
and move that, move that... move that
