We're A Miracle  
Performed by Christina Aguilera

Here we are  
Safe at last  
We can breathe a sigh  
It seems the storm has passed  
Through it all  
No one knew  
That all the tears in heaven  
Would bring me back to you

No one I know imagined we would make it  
But it only matters that we both believe

You and me we're a miracle  
Meant to be and nothing can change it  
Mountains move and oceans part  
When they are standing in our way  
You and me we're a miracle  
Angels stand watching over us  
And heaven shines upon us every day

Every time  
I felt near defeat  
You were there for me  
On my side completely  
You give me strength  
You set me free  
Just as because of you  
I'm more than I can be

When I'm with you the world is ours to reach for  
Together there is nothing we can do

You and me we're a miracle  
Meant to be and nothing can change it  
Mountains move and oceans part  
When they are standing in our way  
You and me we're a miracle  
Angels stand watching over us

And heaven shines upon us every day

The chance was so unlikely  
That we would ever be  
Two stars among the heavens  
Destiny brought you to me

You and me we're a miracle  
Meant to be and nothing can change it  
Mountains move and oceans part  
When they are standing in our way  
You and me we're a miracle  
Angels stand watching over us  
And heaven shines upon us every day

You and me, we're a miracle (miracle)  
You and me, we're a miracle (miracle)  
Miracle
