"Baby doll"

Visit "[Baby doll](#)" on MotoLyrics.com

I got a baby darling, oh
She walks and talks and says "hello"
When we're out, we're on our own
She knows it's time for us to be alone
She's my wholesome lonesome baby that I love
Well, she's my wholesome lonesome baby that I love
I'm just sittin' in the sun today
Thinkin' 'bout my baby and her evil ways
But I can't tell her the way I feel
My baby doll gives me such a thrill

At the end of the day my work is done
It's time for us to have some fun
We'll go cruisin' T-bird style
We washed off 'bout every mile
She's my wholesome lonesome baby that I love
Well, she's my wholesome lonesome baby that I love
I'm just sittin' in the sun today
Thinkin' 'bout my baby and her evil ways
But I can't tell her the way I feel
My baby doll gives me such a thrill

I'm just sittin' in the sun today
Thinkin' 'bout my baby and her evil ways
But I can't tell her the way I feel
My baby doll gives me such a thrill

My baby said to me, it's much too late
Young love and marriage is out of date
So don't waste time kissin' endlessly
You know you're more than a friend to me
She's my wholesome lonesome baby that I love
Well, she's my wholesome lonesome baby that I love
Oh yeah, she's my wholesome lonesome baby that I
love
