"Make A Circuit With Me"

Visit "[Make A Circuit With Me](#)" on MotoLyrics.com

A sweet romance is not for me
I need electricity
If you wanna make me flip
Hit me with a micro chip

[Chorus]
I'll be a diode, cathode, electrode
Overload, generator, oscillator
Make a circuit with me

Just plug in and go-go-go
I'll be your human dynamo
Signals in my power cord
Impulse on my circuit board

[Chorus]
I'll be a diode, cathode, electrode
Overload, generator, oscillator
Make a circuit with me

I'm an AC/DC man
You can read my circuit diagram
I feed on electric jolts
I need fifty-thousand volts

[Chorus] 2X
I'll be a diode, cathode, electrode
Overload, generator, oscillator
Make a circuit with me

A sweet romance is not for me
I really need electricity
If you wanna make me flip
Come on and hit me with a micro chip

[Chorus]
I'll be a diode, cathode, electrode
Overload, generator, oscillator
Make a circuit with me

I'm an AC/DC man

You can read my circuit diagram
I feed on electric jolts
I need fifty-thousand volts

[Chorus] 5X
I'll be a diode, cathode, electrode
Overload, generator, oscillator
Make a circuit with me
