Laser licks the lighting love
And a phaser flicks in a phaser flood
And you see my love - starting to see love
How can you be my love -
"Found in a phaser love"?

With a magical motion we dance in a dream
Happy to be

Electron Romance
Magnetic mating dance

You've got me floating - you've got me floating along
Got me hoping - really got me towing a line
You've got me hopping - really got me singing a song
You've got me hopping - got me bopping
I won't [be] stopping till you go

Humming like a dynamo
Baby you're a dynamo
See it on the video
Everything you want to know
Well you don't need to fear no leader

You don't need it now
Because we're all part - a fantastic heart
Of a great big you somehow
When you've got love the stars
Above all shine for you right now

With a magical motion we dance in a dream
Happy to be
Happy to be
Laser licks like lighting love
And a phaser flicks in a phaser flood
And you see my love
How can you be me love -
Found in a phaser flood?

With a magical motion we dance in a dream
Happy to be
