One world is enough

For all of us

One world is enough

For all of us

It's a subject we rarely mention

But when we do we have this little invention

By pretending they're a different world from me

I show my responsibility

One world is enough

For all of us

One world is enough

For all of us

The third world breathes our air tomorrow

We live on the time we borrow

In our world there's no time for sorrow

In their world there is no tomorrow

One world is enough

For all of us

One world is enough

For all of us

Lines are drawn upon the world

Before we get our flags unfurled

Whichever one we pick

It's just a self deluding trick

One world is enough

For all of us

One world is enough

For all of us

I don't want to bring a sour note

Remember this before you vote

We can all sink or we all float

'Cos we're all in the same big boat

One world is enough

For all of us

One world is enough

For all of us

One world is enough

For all of us

One world is enough

For all of us

One world is enough

For all of us

It may seem a million miles away

But it gets a little closer everyday

It may seem a million miles away

But it gets a little closer everyday

It may seem a million miles away

But it gets a little closer everyday

One world

One world

One world
