[Young Mav]

Every man, woman, and child is a custy  
They cop my stock while y'all stay dusty  
Taking up space, offer rebates  
And you might see gold by 2008  
Sorry cadet, I can't take your cassette  
I'm allergic to garbage, stay where you are kid  
Up your game if you want the thrown  
With less rhymes bout hoes or clothes  
Two ears, one mouth, use in proportion  
Free advice, but some dudes can't afford it  
Too many MC's flunked they classes  
That's why we hear more hits than classics  
I'm a child prodigy, like Doogie Howser  
You're a wack freestyler like that dreadlock Bowser  
Don't remember, I didn't think you would  
And they won't remember you, cause you're not that  
good

[Chorus - 1X]

You love to hear the story again and again  
About these fly cats from the MFM  
Just three young brothers who be dropping them gem's  
Fat beats on a lyrical blend  
You love to hear the story again and again  
About these fly brothers from the MFM  
Just three young cats who be dropping them gem's  
Well this is where the story begins

[Bigga Nolte]

You ask how important can we be  
We took "E"lympia to seven on MTV  
But since simple minds, missed simple lines  
Let me dumb it down make it simpler this time  
Since day one, we be up in our status  
We turned a hobby into Music For Mavericks  
We doing big tings, yes we looking for cash kid  
And there's nothing you could do to hold the Mavericks  
Just stop, and watch what you're doing  
Confused and you wonder why your units ain't moving  
You say you is hot got rhymes galore

When you was just like Chris from CB4  
Now you gone see me score to win the championship  
We on top there's no way we gone quit  
It's over now so Arlo just pop the Cris  
As boast, make a toast, and our glasses hit

[Chorus - 1X]

You love to hear the story again and again  
About these fly cats from the MFM  
Just three young brothers who be dropping them gem's  
Fat beats on a lyrical blend  
You love to hear the story again and again  
About these fly brothers from the MFM  
Just three young cats who be dropping them gem's  
Well this is where the story begins

[Dirt Gritie]

You love to hear the story I'll tell it again  
About this fly brother from the MFM  
No chip tooth smile so when he smiles at them  
All the girls smile back cause they vibe with him  
But to get a clear view brothers lie to him  
Give him prop's when he knows they despise the man  
Still he's not ignorant all moves deliberate  
Stay on top the game and change like the elements  
Yep, that's earth, wind and fire  
No watered down flow so what's your desire  
Push the button he's taking you higher  
Oh yes, in the top 5 of "E"lympia's best  
I'm like Rick James bitch so what you expect  
I'm trying to make change by collecting my sense  
Picture a brother that's real yo  
A story best told from the ego

[Chorus - 1X]

You love to hear the story again and again  
About these fly cats from the MFM  
Just three young brothers who be dropping them gem's  
Fat beats on a lyrical blend  
You love to hear the story again and again  
About these fly brothers from the MFM  
Just three young cats who be dropping them gem's  
Well this is where the story begins
