[Young Mav]

From birth to abortion, excel in performance
Sophomore release and the hungers not foreign
There were times I'd eat a meal a day
So pray to the Lord I don't waste away
Proteins, minerals, four food groups?
I'm a Maverick, I'll soldier through
Still on a mission, Grace is still watchin'
Keepin' me in line every time I rhyme

[Dirt Gritie]

My shit play in the club brother's raise their beers
Spin be on the mic like the champ is here
I ain't about who be rocking the latest of gear
But it's Enyce over here for those who care
I ain't been to Jacobs and cop me a watch
But I drop fly rhymes in the studio a lot
On outbreaks I'm restless to take first flight
All you see is paper trails in blue and white

[Chorus - Janaya Ellis - 1X]

Why cry
For a past we cannot change
Make we pray
For a future we can claim
Know your past
So tomorrows more clear
Time will tell
But I will not fear

[Bigga Nolte]

If I fail what would happen next
If I fade away who would come and take away my last
breath
I keep my head up don't think about losing
If it's up or down then I know what I'm choosing
It's a tight fit, so I'm a thread the needle
And if the shoe don't fit I'm a squeeze my feet in
This is our place, so we gone mark the spot up
It's MFM and we just done came up

[Young Mav]

If my words don't echo a resonance of life
I was selfish for the second that I had the light
I'm a revolutionary like Busta Mante
Nesta Marly or Michael Manley
So take my foolish words, and study them well
In life, you could either buy or sell
And why sell your self short, when you can own the
market
Only reason why you second, cause we work the
smartest

[Chorus - Janaya Ellis - 1X]

Why cry
For a past we cannot change.
Make we pray
For a future we can claim
Know your past
So tomorrows more clear
Time will tell
But I will not fear

[Bigga Nolte]

[Chorus - Janaya Ellis - 1X]
