[Rochester a/k/a Juice]

Here comes the boom, here comes the boom  
And you ain't gotta guess who stepped in the room  
You know the boy Juice gone make the place move  
So Mami just groove while I do what I do  
And let me see you grind, bust the slow wine  
It's Politic Live, Rochester on the side  
I know you wan ride, but you can't keep up  
We bring the heat up, Cause that's where we from

[Bigga Nolte]

It's Paradise Island, where there's always action  
Where the youth stay blastin, it's all about dancing  
Where the girls look good, yes I got my dream  
I'm a fly back home with a dancehall queen  
Mami is too hype she move it just right  
My beverage of choice I choose my red stripe  
A brand new frak fi match mi new boots  
And de dance nah done 'till man start fi shoot

[Chorus - Oozeela - 1X]

From where we come,  
In nah no squad we ah 'fraid  
From where we come  
We could ah stand in a de rain  
From where we come  
Yes the father gets praised  
It comes from the veins and the arteries  
Blood of wi families  
Come!  
We get it from where we from  
Our Vibes  
We get it from where we from  
Our Style  
It comes from di veins and the arteries  
Blood of we families

[Shad]

Understand that the beats and flows that we compose  
For ages have been made to release our souls  
From Rwanda to JA to each his own

All our people beam of pride when we speak of home  
Beats represent these roots like Tarik along  
With Quest in back banging out the beats to songs  
The rhythm and the wisdom that we teach was grown  
From the strong seeds our communities have sewn

[Oozeela]

From Where we from

[Dirt Gritie]

Slums and the suffering youth, where the young hold  
guns and shoot  
When you come from an Island, what you gonna do  
When you can't buy a Visa to move, Block O  
Bring the party to you, all local international crews  
We make it hotta, more beats and less chatta  
Dance in the streets all night like Passa Passa

[Chorus - Oozeela - 1X]

From where we come,  
In nah no squad we ah 'fraid  
From where we come  
We could ah stand in a de rain  
From where we come  
Yes the father gets praised  
It comes from the veins and the arteries  
Blood of wi families  
Come!  
We get it from where we from  
Our Vibes  
We get it from where we from  
Our Style  
It comes from di veins and the arteries  
Blood of we families

[Jerys]

J to the E, R-Y to the S  
Remix Poli Live, y'all already know the rest  
Raised in the Dot, left my heart up in the motherland  
Africa, pure blood, now you understand  
You rep another land, roll with the hottest trend  
You'll never understand life, homey don't pretend  
The flow stinger, let'em know cause I got pride  
Know where I'm from, where I'm at, headed worldwide

[Young Mav]

The same veins weh say Rita mi love you  
The same veins weh Kissinger fuck you  
The same veins that rebelled in Nanny  
The same veins that formed the PNP  
The same veins that formed the black star line

The same veins that bled in 65  
Food for thought, little snack for the brain  
Remix so hot that it bubbles your veins

[Chorus - Oozeela - 1X]

From where we come,  
In nah no squad we ah 'fraid  
From where we come  
We could ah stand in a de rain  
From where we come  
Yes the father gets praised  
It comes from the veins and the arteries  
Blood of wi families  
Come!  
We get it from where we from  
Our Vibes  
We get it from where we from  
Our Style  
It comes from di veins and the arteries  
Blood of we families
