[Young Mav]

We're here to hold summer for ransom  
So put your hands up for a brand new anthem  
Let it spread like gossip, from June to August  
Strictly heat this summer my dear, I promise  
In the same vein as Chi and Slingshot  
A snapshot, of the joys of have-nots  
I know bouncers gon' stress, cause the way that we  
dress  
Who wears a suit and tie when it's 35?  
This is the life for those with less cheese  
Throw a Block-O, barricade the streets  
I wanna hear new tunes straight from JA  
Not the same three songs that they play all day  
Paint a vision, the sound system  
Got speakers so big my fam could live in'em  
And chicks is so thick from rice and peas  
That the movements of their hips keep callin me

[Chorus - Oozeela - 1X]

From where we come  
We respect our roots  
From where we come  
We bring up the ghetto youth  
From where we come  
Our motto is the truth  
It comes from the veins and the arteries  
Blood of wi families  
Come!  
We get it from where we from  
Our Vibes  
We get it from where we from  
Our Style  
It comes from di veins and the arteries  
Blood of we families

[Dirt Gritie]

Boom bye, bye in a rude boy head  
Test the soundman, and your squad gon dead  
Messin' with my crew something you gon dread  
Judging the jury your career gon end

En, En, En, En, End  
Gwan with yourself mi no care what you say  
I'm deep in these streets matter fact got it paid  
You wanna play fool boy stay in your lane  
You wanna act chicken but the God don't stray  
Focused on my goals getting money all day  
Day, Duh, duh, Day, Day, Day  
24-7, 358

Take a week off just to lamp and play  
Sippin' on crown smoking weed getting laid  
Don't be jelly cause I'm dripping with style  
You haters grab a coke and a smile

[Chorus - Oozeela - 1X]  
From where we come  
We respect our roots  
From where we come  
We bring up the ghetto youth  
From where we come  
Our motto is the truth  
It comes from the veins and the arteries  
Blood of wi families  
Come!  
We get it from where we from  
Our Vibes  
We get it from where we from  
Our Style  
It comes from di veins and the arteries  
Blood of we families

Baby girl, who can rock it like we?  
Step in a di place and rock the party  
Go ahead if you want drink Bacardi  
But the Appleton Rum gon' do it for me  
Now I'm feeling little tipsy  
Find a nice girl to come and tempt me  
Cock her body just like a shotty  
I need a bad girl that means a hottie  
Now you wanna smoke some trees  
I got that tai chi, that make she irie  
In this fantasy you get what you need  
All you got to do is just come with me  
And I know you wanna roll with us

Got a big black truck so you roll with us  
And the way that we sound they ain't holdin' us  
And now that were here they gon go with us
