(chorus)

Everytime I hear this song playin on the radio,  
It just reminds me of, how much I love you so.  
EveryTime I think of you, I just want to call you boy,  
to let you know that I will always be there for you.

What's going on baby girl its been a long, long, time  
that I,  
told you what im feeling inside.  
You know it seems to me that all I think about  
is you, ruby red lips to the way you move your hips  
I'm trying to be the perfect man  
always gettin lost in love down for yours on this AZ side  
I'm crusing in my limit and your always on my mind  
it's even better when your right  
there by my side  
I'm analyzing what you say and what you do  
and everybodys jealous cause I'd rather be  
with you  
but that's aight and maybe scandalous too  
reservations at the marriot a suite for two  
time flys we over look the city lights from the mountain  
tops  
u be pressin' that rewind  
slow jams, long stems tell me what you want to have  
I want to be the one to give you everything.

(chorus)

Now from the view I've been lookin at lookin at you  
clown other guys  
creepin threw the crowd  
thinkin they can  
while you just loungin thinkin of me in the lime light to  
get  
your life change something  
and I know most of em are like the one before em  
so ignore em and a playa for  
me will thank you for it  
for the throwed of your loving alones  
to have the hardest playas hard on for

every second your gone  
and thats aight to let your ice shine brown eyes  
light skin big lips with latin  
vibes and I knew why she was  
quick to pass by cuz I kept looking and  
I wondered to myself if I had been  
mistaken for a player heart breaker  
who laid with a few numbers too many for you  
but who you gonna listen to a liar whos  
trying to take your heart  
or someone who had it from the start and never  
disregarded it girl

Hey Mr. DJ could you play my favorite song  
cause everytime you do I'm thinkin of my boo  
please Mr. DJ could you play it one more time  
and dedicate it to my baby baby baby tonight.

Your my date its lookin kind of cool  
everytime your walkin by you lookin so good always  
catchin my eyes  
wondering if you would be down like I'm down with you  
did your girl tell you I wanna  
hook up with you  
sometimes I'm think of you when your loungin at home  
are you thinkin of me when they  
play your favorite song  
we both always hesitate to pick up the phone  
let it ring hang it up say you probably  
ain't home  
you make me feel different everytime I'm around you  
ain't no girl ever can make me feel  
the way u do  
so lets make this happen lets hook up for this date  
well both gear up and pick  
you up at 8  
you driving me crazy and I don't know why couldn't  
approach you  
with these feeling  
that I feel inside  
now its summer time rollin by my side  
should of know from the date you were down  
to ride.  
Yeah.

Everybody who's got somebody,  
who makes you feel so good inside,  
to everybody who's got somebody  
show your love  
dedicate this song to them

chorus
