One evening long ago  
A big ship was leaving  
One evening long ago  
Lover's were greaving  
A crimsom sun went down  
The lights began to glow  
Across the harbour  
One evening long ago  
I saw the harbour lights  
They only told me we were parting  
The same old harbour lights  
That once brought you to me  
I watched the harbour lights  
How could I help if tears were starting  
Goodbye to tender nights  
Beside the silver sea  
I long to hold you near  
And kiss you just once more  
But you were on the ship and I was on the shore  
Now I know lonley life  
While all the while my heart is wispering  
Someother harbour lights  
Will steal your love from me  
.....  
Now I know lonley life  
While all the while my heart is wispering  
Someother harbour lights  
Will steal your love from me
